Climate Change Workshop – Farthing Wood Class.

- On Thursday 29th of September, Farthing Wood Class enjoyed a fascinating workshop led by Camp Kernow! It was a thoroughly exciting and innovative hands-on workshops delivered by their 'Future Roots' outreach workshop teacher Connie.
- Our children enjoyed learning about climate change and sustainability. Their learning was brought to life with practical and engaging activities. They explored the challenges of climate change and the ways in which we, both individually and collectively, can make a positive impact!
- Our workshop concluded with our children testing their wind turbines (which they build from scratch) using voltmeters! Thank you to our wonderful PTA who helped to fund this special event!!
